“This Code’s for You”

A walk through common welding standards

Join 2015 American Welding Society President David Landon on a journey to explore the vast scope of work and information provided in 6 different AWS codes and standards. Ask yourself: are you using the right code for your industry? Is there a better way to measure up your welding standards? Let us help you!

Seminar Outline

Below is an outline of topics to be covered during the seminar*

9:00am – 10:00am – D1 Suite (Structural Welding Code)

10:00am – 11:00am – D9 (Sheet Metal)

11:00am – 12:00am – D14.3/D14.4 (Earthmoving Equipment)

1:00pm – 2:00pm – D14.9 (Hydraulic Cylinders)

2:00pm – 3:00pm – D15.1 (Railroad)

3:00pm – 4:00pm – D17.1 (Aerospace)

David Landon, 2015 AWS President

Dave is an AWS Certified Welder, Certified Welding Supervisor, Senior Certified Welding Inspector, and AWS Counselor. He has been a member of the American Welding Society since 1983 and has been active in the local section, district, national, and international levels. Dave has had a passion for training welders throughout his career and is always willing to share his passion for welding with anyone who will listen. Mentored by some of the great heroes in the welding industry, Dave’s passion of mentoring others can be summed up in the theme of his presidential year of AWS, "Heroes are ordinary people who do extraordinary things; to whom will you be a hero today?"

Not Sure You Want to Attend?

Don’t be shy! Join us for a FREE one-hour presentation by Landon at our AWS Iowa Section Meeting on Tuesday, April 12 from 6:00pm-7:30pm. At DMACC Southridge Center – Room 20A.

“Are you sure you want to use D1.1??”

This brief seminar will provide an overview of the AWS D1.1 Structural Welding Code. Attendees will also be introduced to other codes/standards offered by AWS.
