This month we will be meeting at the Vermeer Global Pavilion in Pella, Iowa. AWS 2013 President Nancy Cole will be speaking about Women in Welding and Manufacturing.

About Nancy: An AWS Fellow and Life Member, Nancy Cole served three terms as a vice-president before being elected 2013 president of AWS. Before forming her own company, NCC Engineering, she was program manager and contract manager at Oak Ridge National Laboratories, where she was awarded three patents. At ABB Combustion Engineering, she developed welding electrodes, fluxes, and flux-cored wires. She served as chair of the AWS Technical Activities Committee, Fellows Committee, and C3 Brazing and Soldering Committee. She has received the AWS Honorary Member Award, the Dr. Rene Wasserman Award, and the McKay-Helm Award.

Thursday, October 24, 2013 at 7:00 P.M.
