Chairman’s Message
The Pittsburgh AWS Section is proud to present a full line up of plant tours and technical presentations for its members for the 2014 – 2015 year. The calendar on our web page http://www.awssection.org/pittsburgh/ lists our current schedule.

I hope that you will find one of the meetings we have scheduled of interest and plan to attend. If you have any ideas for our chapter or suggestions for a future meeting or plant tour please contact me or any of our Board members.

Thank you,

George Kirk - Chairman, Pittsburgh AWS
kkirk510@comcast.net

Technical Meeting – Tuesday, October 28, 2014
Title: Metal Sculpture/Welding in the Art Industry

Speaker: Tim Kaulen

Local artist Tim Kaulen has established himself as one of Pittsburgh’s prominent metal sculptors. He was the recipient of the 2009 PCA-Pittsburgh Center for the Arts Artist of the Year Award. Tim has been part of some of the premier works of metal art in our region. He was one of the principal artists who created the Carrie Deer at the Carrie Furnace in Rankin, PA which is now part of a National Heritage Site. Some of Tim’s other works include the “Workers” nestled along the Riverfront Park in the Southside and “Oee Great Blue” displayed at the Children’s Museum. In his most recent project, the MSW Mobile Sculpture Workshop, Tim recruited students throughout the city and expanded safety and welder training. While incorporating a design process utilizing scrap metals the students created a work for public display. Please visit Tim’s websites more information and to view all of his works.
