March 3rd, 2016 Dinner Meeting

**featuring**

**Don Sly**
Co-owner Sound Testing  
NFPA Certified Marine Chemist  
Industry Trainer  
Former MCA Chairman

**presenting on**

*Emergency Welding Repairs of Marine Vessels Containing Fuel*

Mr. Sly has a M.S. in Chemistry from the *University of Notre Dame*. In 1973, Don entered the National Fire Protection Association training program for certification as a Marine Chemist. The following year Don was certified as NFPA Marine Chemist No. 598.

After several years as the in-house chemist at Todd Pacific Shipyards, Don began to offer Marine Chemists’ services to the ship repair industry at large. Don has a unique perspective on ship repair and has over 40 years of experience conducting safety certifications in marine and industrial workplaces.

**Sample Technical Question:**

Which percentage of oxygen would be considered unsafe for workers entering a confined space?

- a. 23 %
- b. 21.5 %
- c. 20 %
- d. 19.5 %

**HOURS:**

- Board 4:45 - 5:45
- Social 5:45 - 6:45
- Dinner 6:45 - 7:45
- Program 7:45 - 8:45

Dinner is $20 for students, $40 for regular members

*(If you do not plan to have dinner you are still welcome to attend the program)*

**TECHNICAL QUESTIONS**

Bring your technical questions to the meeting (any subject) or write them there and leave at the registration table or hand them to Steve Pollard.

They will be discussed and hopefully answered during the dinner hour.
