November 5th, 2015 Dinner Meeting

featuring

Chris Sundberg
Registered Structural Engineer and Senior CWI

presenting on

Welding of a large diameter water pipeline for the Hanlan Water Project for the region of Peel, near Toronto, Ontario in Canada. His presentation will include construction slides of large diameter welded pre-stressed concrete cylinder-pipe (PCCP) construction with in-depth discussion of welding quality that begins with a good understanding of both US and Canadian welding codes. AWS-D1.1 and CSA W59 welding codes will be compared.

As a structural technologist, Mr. Sundberg consults from his home in Issaquah on global Water & Waste Projects. He is a Registered Structural Engineer (SE) in Washington State and a Senior Certified Welding Inspector (SCWI) with a background in design of heavy civil structures, specializing in structural steel.

He is nationally recognized and has provided pipeline and welding consultation for New York City, San Francisco, and London, England.

He is active on several national committees including AWWA (American Water-Works Association), Steel Pipe C200, technical committee.

Mr. Sundberg has co-authored several publications including Steel Penstocks, ASCE Manuals and Reports on Engineering Practice No. 79, published by the American Society of Civil Engineers (ASCE) and Guidelines for Inspection and Monitoring of In-Service Penstocks, and Guidelines for Evaluating Aging Penstocks, also ASCE publications.

located at the Bellevue Sheraton Hotel
100 112th Ave NE
Bellevue, WA 98004

HOURS:
Board  4:45 - 5:45
Social  5:45 - 6:45
Dinner  6:45 - 7:45
Program 7:45 - 8:45

Dinner is $20 for students, $40 for regular members

(If you do not plan to have dinner you are still welcome to attend the program)

TECHNICAL QUESTIONS

Bring your technical questions to the meeting (any subject) or write them there and leave them at the registration table and hand them to Steve Pollard.

They will be discussed and hopefully answered during the dinner hour.
