The students, part of South Seattle Community College’s Shipyard Welding Intensive Program, had the opportunity to personally meet Governor Inslee. He spent time conversing with them and welding director Ken Johnson about the vital role that skilled industrial jobs play in Seattle’s maritime industry and the wider economy.
AWS National and District Scholarship Funds Available to Welding Students

Additional scholarship funds are available if the Puget Sound Section scholarship fund has been exhausted. Contact your School; College; Instructor; or visit the AWS site to fill out the AWS application. District Scholarships are for any level of welding related educational programs, while National Scholarships are generally for undergraduate students of a four year program leading to a bachelor's degree. Visit the AWS Scholarship via the link below or Steve Nielson Phone (425) 259-3508 for more information. Applications are now available on...
