Harvey (NNS) 380-2393 or ARCET
(Hampton) 728-9353.

Come out and support your section!!!

Message from the Chairman...

"Chairman's Corner"

Hello everyone!

Our November meeting was as informative as I thought it would be! J. P. Christein did an excellent job of discussing common errors made when applying welding symbols. There was also some very interesting information about the history of welding symbols. We also found a new option for a meeting place (Kelley's Tavern).

Our January meeting is an equipment demonstration by Fronius welding equipment hosted by Arcet in Hampton. I hope to see you all there.

On behalf of the board members of the AWS - Tidewater Section, I want to take the opportunity to wish you and your families a very Merry Christmas and a Happy New Year!

Jenord Alston
Chairman

**MEMBERSHIP APPLICATIONS
AVAILABLE FROM ANY SECTION
MEMBER**

TIDEWATER SECTION 2011-2012 OFFICERS

Chairman: Jenord Alston (JLab) 269-5859
