American Welding Society
District 12
Upper Peninsula Section 114
March Meeting Notice

The Upper Peninsula Section 114 of the American Welding Society will be presenting:

Tour of Systems Control, Iron Mtn., MI

MARCH 12, 2013 @ 5PM

Serving a wide range of industries and a number of Fortune 500® customers, Systems Control prides itself on manufacturing quality products and providing extraordinary customer service and a safe work environment, while maintaining an unquestionable level of ethics and integrity.

Our team of talented individuals makes this possible from our new, state-of-the-art facility in which 60,000 square feet are dedicated to panel manufacturing and 40,000 square feet are dedicated to our Substation Control Centers and materials

A. Systems Control
   3201 East Industrial Drive
