The Upper Peninsula Section 114 of the American Welding Society will be presenting:

**Tour of the Glider Exhibit**

September 13, 2011 @ 5:00pm

The CG4A Glider was manufactured in Kingsford, MI between the years 1942 and 1945. In that three-year period, 4,190 were produced at a cost of about $15,000 per glider. The restoration project was started in 2005 and expects to be completed within a year.

A dinner meeting will follow at 6:30 pm, to be held at ROMAGNOLI S

Cornish Pump and Mining Museum (New building behind)
Kent St.
